

Reiser

For more than 50 years, Reiser has been a leading supplier of processing and packaging equipment to the cheese and dairy industry. During that time, the company has gained recognition for its high-quality equipment, innovative technology and outstanding service and support.

Vemag Cheese Block Former

The innovative Vemag Cheese Block Forming system eliminates waste by repurposing cheese trim, ends, scraps and other pieces to produce cheese blocks. This solution combines the USDA 3-A Dairy Accepted Vemag Portioner with a Reiser-engineered cheese block forming and extruding attachment. The Vemag Cheese Block Former extrudes exact-weight cheese blocks with consistent dimensions. It is equipped with a cutoff device to control the length of the product and ensure clean, even edges. The extruder is designed for easy changeover from one shape to another. This innovative solution eliminates waste by repurposing cheese trim, ends, scraps and other pieces to produce cheese blocks. A common application for this system is the production of cheddar cheese blocks for retail.

Holac Cheese Dicer

Holac is a world leader in dicing technology. Holac Cheese Dicers provide unmatched versatility and easily produce a variety of uniform product shapes and sizes. Featuring a simple-to-change cutting grid, a single Holac can cube, shred or flake all types of cheese products and improve yields with consistent size pieces ranging from 1/8" to 2-1/4". The versatile Holac features a removable cutting grid that is quick and easy to change, allowing processors to produce a wide variety of products. Holac dicers are designed for easy sanitation and total hygiene.

Supervac Vacuum Chamber Cheese Packaging

Supervac is a leading manufacturer of automatic belt vacuum chamber packaging machines, shrink tanks and dryers. Supervac packaging machines produce the best package seals in the industry. They feature a double biactive high-pressure sealing system. Heat and pressure are applied from above and below the packaging material to produce not just one seal, but two superior seals. A Supervac can easily handle all types of bags and packaging materials, including foil packaging. The sealing system virtually eliminates leakers, rework and returns.
