

Supplier Capabilities Spotlight

Separators, Inc.

Your “One Stop” Source... Great Service...
Great Value

Service

Separators, Inc is your full service centrifuge solutions provider. We offer “One Stop” shopping for your Alfa Laval, Tetra Pak, and Westfalia centrifuge needs and service many other brands. Our full array of service offerings are designed to get you started correctly and keep you running efficiently.

Equipment

Separators, Inc. specializes in fully remanufactured high speed disc and decanter centrifuges. Our robust remanufacturing process is done to O.E.M. specifications and is fully warranted. We source the best equipment and remanufacture to the highest standards delivering great value and availability. In addition the company offers a line of new Rotoseives designed for cheese fine and other small particle recovery.

Parts

In support of our customers we stock over 4,000 parts and offer 24/7 responsiveness. Stock items are frequently shipped the same day. Our knowledgeable parts staff makes finding the right parts for your equipment easy and credit card purchases are welcome.

Key capabilities include:

- Field Service – Preventative Maintenance and Repairs
- Complete Remanufacturing and Repairs
- Equipment Rental
- Short Lead Time - Availability
- Controls and Variable Frequency Drives
- Installation and Start Up Support
- Operator Training
- Tailored JIT Part Kits
