

# Supplier Capabilities Spotlight

## iTi Tropicals, Inc.

Your “go-to” supplier of innovative and unique tropical fruit juices, purees and concentrates, iTi Tropicals, Inc. was established in 1988 with the goal to provide healthful alternatives to typical US beverages such as sodas and ordinary apple or orange juice. Celebrating our 25th anniversary this year as industry leaders, our products accentuate and stimulate the tastes of otherwise commonplace dairy items, creating a delight for the senses.

iTi Tropicals, Inc. is in tune with the pulse of the dairy market.

Our banana and coconut products are fundamental for developing new and novel products:

Coconut cream adds fat and “mouth-feel” and that sense of decadence!

Coconut water and coconut water concentrate when used in a variety of dairy products can help to lower caloric load

and increase electrolyte activity, all of which are attractive to health-conscious customers.

A natural fit in many dairy applications ranging from beverages to frozen novelties, banana puree is tried and true. It provides flavor, and viscosity, all at a reasonable cost.

Our products are ideal for beverages, yogurts, cheeses and frozen desserts!

Why stay with run-of-the mill dairy products? Treat your customers to something special! And adding a fruit certainly adds value...across the board. Find out how OUR products can enhance YOUR bottom line.

Contact iTi Tropicals with your product development inquiries, or to schedule a visit to our R&D kitchen to begin the process of creating new concepts! Our company headquarters is situated in two

Puree & Juice Concentrate

## FRUIT JUICE PUREES & CONCENTRATES

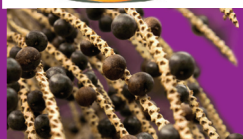

**Guava**

Strong, characteristic aroma, versatile. Great color. Balanced sweetness and acidity. Very tropical flavor.

**Alphonso Mango**

100% authentic Alphonso. Unique and extraordinary. King of mangoes for color, flavor and sweetness.

**Açaí**

Acidic. Deep purple color. Blends well with chocolate, banana and more. Packed with essential fatty acids and phytonutrients.

**Acerola**

Clean-label vitamin C. A distinctive tart, lime/berry flavor. A superfruit that blends well with mango, peach and banana.
